Work Authorization

Authorized to work in the US for any employer

Work Experience

US Army

1st Special Forces Command | Fort Bragg, NC

May 2020 to July 2025

Enlisted into the US Army and started my career when I got shipped off to Basic Combat Training back on May 11, 2020. Immediately following my BCT and Advanced Individual Training, I arrived at my first duty station(112th Signal Battalion, Fort Bragg) where I began to perform my job specific duties supporting over 300+ clients with the base of operations. Got the opportunity to work with some of the best Techs I know and shared equal experiences. Eventually landed a position at 1st Special Forces Command, working with the best, where I finished out my Army Contract. Most of my time spent during this time, was being trained, not only in SATCOM, but in anything networking related. I learned how to set up Cisco routers, how to setup networks from scratch, learned how to maintain systems that supported over 300+ clients, all in experts times. While that was technically my "job" in the military, the other big part of my career was being a leader. Training and mentoring the soldiers underneath me, was my pride and joy. Training my soldiers to outperform me at any task, was my goal.

Experienced Crew Member

Osmose Utilities Inc | Peachtree City, GA

November 2019 to January 2020

Inspected the transmission and power line poles for rot. Treated and tagged poles upon completion.

Brazer/Wirer

Vertiv | Ironton, OH

October 2016 to October 2019

Production line work building industrial air conditioners. Followed work instructions for reading wiring diagrams, wiring and assembling parts, and brazing. Learned how to soft solder, hard solder, and silver solder into copper, stainless, and brass piping. Also learned basic quality control to ensure products met company standards before leaving facility.

Sand Blaster/ Painter

McGinnis | South Point, OH

March 2016 to September 2016

Pulled barges from the OH river, and prepped for sand blasting and painting.

Water Blaster/ Vac Truck Operator

North American Industrial Services | Greenup, KY

November 2015 to February 2016

Cleaned industrial plants operating water blasting equipment. Also used vac trucks to clean up debris.

Crew Member

McDonalds | Ironton, OH

March 2015 to October 2015

Operated the grill providing cooked meat and ran the food prep table to assemble the customers meals as requested.
